LEADING LOGISTICS LAUNCH

It was with great pleasure to host the "Leading Logistics" launch at Ocean View College recently. The successful evening, attended by many business, industry and educational representatives, experienced fine dining prepared and served by Ms Glenys Taylor’s Year 10 “Food and Hospitality” class. This was followed by a brief information presentation from Donna Mason, Deputy Principal and myself indicating how, educationally, Ocean View College can lead logistics. This launch is a very significant event in the college’s history as it has signalled the first stage of developing strategic partnerships with business and industry in the logistics field. Attendees were asked to complete a "Call to Action" form asking them to register interest in the following:

- Student Work Experience placements
- Classroom visits – Industry staff take part in school visits to give further relevance to certain subjects. Discuss career opportunities, employer expectations and varied occupations within the Transport and Logistics industry
- Industry Tours - Students visit businesses on site to gain a behind the scenes view of depth and breadth of business, skills required and career opportunities
- Teacher Industry Placement, for example, 1 week placement for a teacher to gain industry knowledge
- Sharing Company Logo in our partnership promotions
- Industry Advocate - market pathway to industry peak bodies, unions and industry so that there is a seamless pathway from school.

They have also been invited to attend a Logistics Advisory Meeting at the college on Wednesday 21st May starting at 10:00am. At this meeting, business delegates will be given a tour of the college followed by discussions on how this partnership between industry and education can grow and prosper.

As mentioned in our previous newsletter…..

“We will seek to develop effective grassroots partnerships that build links between businesses, students, teachers and the broader school community through activities that will increase knowledge and opportunity for careers and further education.

One of South Australia’s greatest resources is our young people. Ocean View College educational leaders are excited about the prospect of forming strategic relationships with local logistic businesses that would support:

- The creation of strong links between schools and industry
- Raising the awareness of employability skills and the needs of business
- Developing positive attitudes towards industry and local business
- Support the delivery of logistics curriculum
- Providing industry specific advice for the ongoing improvement of logistics curriculum
- Provide young people with a wider understanding of the logistics sector
- Provide school students with practical career information and expose them to the workplace
- Engage students and businesses in school based learning and work based learning
- Providing opportunities for teachers and students to gain practical experience in the industry
- Assist the industry to recognise the skills that young people can offer
- Develop a future workforce”

We look forward in anticipation to the further developments of this new focus “Leading Logistics”.

2014 Term Dates:

TERM 1
28th Jan – 11 Apr

TERM 2
28th Apr – 4th July

TERM 3
21st July – 26th Sept

TERM 4
13th Oct – 12th Dec

CALENDAR DATES

13th - 15th MAY:
NAPLAN TESTING
- FRI 6th JUNE:
PUPIL FREE DAY
- MON 9th JUNE:
PUBLIC HOLIDAY
- 12th – 13th JUNE:
YR 11 DRAMA PERFORMANCE
- WED 18th JUNE:
8/9 IMMUNISATIONS
- WED 7th JULY:
YR 12 FORMAL
THE SMITH FAMILY
We welcome The Smith Family organisation to Ocean View College as they have now officially moved into their new office space next to “The Aboriginal Education Centre” and opposite “The Library”.

We look forward to working with:
• Richard Melvill – Regional Programs Manager
• Sian Allan – Port Adelaide/Enfield Team Leader
• Julia Dempster - Port Adelaide/Enfield Program Coordinator
• Jessica Moser - Port Adelaide/Enfield Program Coordinator
• Rachael Hayes – Saver Plus Coordinator and all their volunteer team in supporting a great working partnership that will benefit all of us.

ANNUAL GENERAL MEETING GOVERNING COUNCIL NIGHT
Ocean View College Governing Council will hold its Annual General Meeting next Wednesday 14th May at 6:00pm in the Flexible Learning Centre.

Our AGM will include:
• a short presentation by myself of the 2013 Annual Report
• a short presentation of the 2013 Budget Report
• election of new and existing Governing Council members

I would like to invite all parents who are interested in either joining our 2014 Governing Council or interested in our 2013 Annual Report to attend this important calendar date.

OCEAN VIEW COLLEGE OHSC
I welcome and congratulate Nastassja Uys who has won The OHSC Director role for the remainder of this year. Nastassja brings to our college a wealth of experience plus enthusiasm to support our OSHC facility and we look forward to working with her.

I thank you for your continued support in the ongoing development of our college.

Peter McLaren
PRINCIPAL
funded service the same as North Haven, Largs North and OLV Pre-
schools/Kindergarten. We can arrange your
bookings to make a child care and Pre-
school combination cheaper for you. Please
see office staff for more details.

CHILDREN’S CENTRE

JUNIOR SCHOOL REPORT

I’d like to thank Jody Macri for taking over
my role as Head of Junior School for the
week while I was on Long Service Leave.
Also, a big thank you to Elyse Edwards
who acted as Counsellor for the week. They
both did an outstanding job and need to be
congratulated on their efforts.

We heartily welcome three new students to
the Junior School this term: Finnlay (J13),
Makenzi (MG3) and Ziander (J12). They
have all settled in beautifully to life at
Ocean View College.

Congratulations to Ms Darwin’s Year 2
class, who did an excellent job running the
assembly this week. They all spoke very
confidently and clearly. Well done! Our
assembly times this term are Weeks 5 and 8
on Tuesdays at 1:35pm in the Flexible
Learning Centre. Parents are loving the
humour that children are injecting into the
assemblies!

Our whole Junior School is involved in a
great program, “First Aid in Schools
Program”, a free community initiative
delivered by St John Ambulance
Volunteers. Students R-2 will learn about
the DRS of DRSABCD action plan and
making emergency calls, while the Years 3,
4 and 5s will focus on how to recognise if
someone is unconscious, how to maintain a
clear airway and basic first aid. Students are
really enjoying the program and can see the
relevance and importance of knowing these
like skills.

Swimming reminder – all Year 3, 4, and 5
students should have received a note about
swimming at the Parks Recreation Centre in
Week 8. The cost is $25.00 and
parents/caregivers can pay in instalments if
you prefer. School photos are also
scheduled this term for Junior School
students. This will occur on Thursday 12th
June.

Volunteers – DECD policy insists that all
volunteers working in schools must have a
Criminal History Screening. This extends to
everyone working with students, even
parents listening to reading. We really value
the great work of parents in helping in the
Junior School in a variety of ways, but we
also have to comply with Departmental
regulations. We have, therefore, a form that
needs to be completed by all volunteers. For
all people who are currently, (or intending
to), work in our College, I am holding a
brief information session on Tuesday of
Week 4 (20th May) at 9:00am in the Junior
School area. At this session we will clarify
the new process, to make it easier for
everyone. This would also be a good
opportunity for any parents who have been
thinking about volunteering to find out
more. Your help is so valuable and greatly
appreciated.

NAPLAN Testing – This occurs next week
(Week 3) on Tuesday, Wednesday and
Thursday mornings for all our Year 3 and 5
students. Here are some tips for helping
your child during this time:

• Children take their cues from parents about
  how to handle situations. Try to take a
  positive view of the NAPLAN testing. Be
  careful not to create a problem that doesn’t
  exist by continually talking or worrying
  about the tests.

• Focus on doing their best and trying hard.
  The only pressure on students should be to
  try hard rather than do well.

• Listen to any concerns they may have.
  Validate their feelings, rather than negating
  them (eg: “Yes, tests can be scary, but all
  you have to do is try your hardest”.

• Give them some relaxation ideas (eg: deep
  breathing, changing their thinking, etc).

• Help them retain their perspective. One way
  to help overly anxious children is to ask
  them “What’s the worst thing that could
  happen?” Okay they may not do as well as
  they would like, but the sun will still rise
  tomorrow. Keeping perspective is a life skill
  that we all need to practise.

A positive, caring parent attitude is one of
the best gifts you can give a child when

BREAKFAST CLUB

Join The Breakfast
Club every school
morning from
7:50AM to 8:30AM
for a healthy start to
the day.

You can find us
outside the Flexible
Learning Centre. All
students and families
are welcomed.

This program is
driven by students
and volunteers, if you
have a spare 20
minutes a week,
please come join our
fun team.

Thumbs Up
they are nervous or apprehensive about approaching any different situation, whether it’s going on school camp, starting a new class or sitting the NAPLAN test. Children will have breaks after an hour of the testing, and recess on the 3 days will be from 11:00am until 11:20am.

**Social Learning** – this term students will be introduced to the “Fabulous first 5 minutes”, a way of assisting children to effectively manage their problems or challenges and discover their gifts. It builds upon the concept of the ‘Worry Tree’, an imaginary place for children to ‘hang up’ any worries they may have. Our program offers the next important step by prompting children to then consider what they _would_ rather be doing, thinking and feeling instead of worrying. When worries are written down children can focus on finding solutions! The worry tree will become a ‘possibilitree’. It encourages children to focus on finding positive outcomes rather than on the problem. There is a lot more to the program, but this gives you a brief outline of its focus.

**Leah McGlinchey**  
HEAD OF JUNIOR SCHOOL

---

**EARLY BIRD READING**

The **Early Bird Reader Program** is a new initiative for Ocean View College we would like to trial during Term 2 this year. Students will be supported by our Teacher Librarian Karen McInnes, Library Assistant Christine Katzer and Literacy Coach Linda Dally. It will take place before school from 8:30am until 8:50am each Tuesday morning in the Library.

The aim is to encourage and engage students with reading. This will be a special collaborative effort between our Year 2 and Year 6 students and staff. The Year 6 reading leaders will be trained by our Literacy Coach Linda Dally to listen to reading. The students will be invited to come into the Library before school from 8:30am until 9:00am. They can either read to another student or be read to by another student.

---

**MIDDLE SCHOOL REPORT**

Welcome back For Term 2. I was lucky enough to travel to New Zealand for a week and it was an easy place to travel in. The ‘Kiwi’s’ drive on the same side as us, speak the same language and the money it not too difficult to understand. The people are very friendly and the history of the country very interesting. If you get a chance perhaps you could ‘cross the ditch’ for a holiday sometime soon.

This term many things are already happening with a reminder that NAPLAN Testing for Year 7s and Year 9s will take place next Tuesday 13th May, Wednesday 14th May and Thursday 15th May.

Our Year 7 students will be in the FLC beginning at 9:00am and our Year 9s in the Drama Room. The tests finish at 11:00am and it is expected all students sit the test.

For the first 5 weeks this term I have a 4th year student teacher, Rachel Hogan, from Uni SA. She has been teaching my Year 9 students about WW1, Gallipoli and Australia’s involvement. We went on an excursion to the Army barracks on Anzac Highway at Keswick on Wednesday. If you ever get the chance to visit this museum it is open on Sundays to the public and has many displays about all of the wars Australia has been involved in.

Other activities happening this term organised by Jackie Smith our MS Counsellor are:

**Social Learning Group – Middle School Boys**

A small group of Middle School boys have the privilege of working with Thai Pham from Flinders University to participate in a social skills mentoring program. Thai Pham is a Flinders University student who is studying a Bachelor of Behavioural Science, majoring in Psychology. I will also be working with Thai to oversee the program.

The mentoring program will largely focus on a strong connection to culture of youth today, self-esteem, self-respect, mutual respect and living in cohesive functioning...
families and communities. Mentoring can have a lasting and positive effect in improving behavioural, academic and vocational outcomes for students.

The students will participate in a variety of activities that will extend their experiences outside the ‘norm’ of a mainstream classroom, whilst experiencing valuable skills to enrich life-long learning.

The mentoring sessions will take place on Friday afternoons from 2:00pm to 3:00pm.

**Nunga Mentoring – Year 6/7 Boys**

A small group of Year 6/7 boys will be participating in an Indigenous Mentoring Program on Friday afternoons with our ACEO (Aboriginal Community Education Officer) Dean Sumner. Dean will be working with the boys to discover their own value system and how that connects to positive outcomes in the students’ lives.

Youth mentoring is, according to the “Australian Youth Mentoring Network” (2012), defined as ‘a structured and trusting relationship that brings young people together with caring individuals who offer guidance, support and encouragement.’ The goal of youth mentoring is to enhance engagement and thereby minimise negative behaviours through growth in social and development behaviours.

The students will be participating in a number of activities that will enable them to be involved in learning outside of the mainstream classroom. Dean has created an engaging and interactive program for the participants to benefit from including: workshops with SAPOL around harassment, assault, and bullying, viewing of inspirational media of teamwork, resilience, determination and persistence, talks and information sessions with Jimmy Perry of the Aboriginal Drug and Alcohol Council, Willpower program with the PAFC and many more. Keep an eye on future newsletters for updates of this program.

**Ocean View Girls are Soul Divas**

On Tuesday 6th May ten young Ocean View College women attended the amazing Soul Divas workshop. Young people today will graduate from school having accomplished thousands of hours of facts, figures, sports and creative pursuits. But what about their emotional wellbeing? The young women’s workshop at the Thebarton Community Centre was jam-packed with tips and techniques that will be remembered and used for a lifetime. Within in a safe, trusting space, the four dynamic presenters worked closely with the girls to provide them with vital life skills for handling relationships, stress, body image, peer pressure, bullying and emotional ups and downs. The workshop instilled young people with practical means of building their confidence, positive thinking and self-love on a regular basis – not through seeking outside ‘props’ and approval, but from within themselves. The girls had a fantastic day and took away with them life changing skills.

“I was inspired to look deeper into myself for a more positive outlook.”
“Everyone has a story of pain and hurt and loss, it’s important that we remember that and give support through a smile or a friendly word or a hug.”

“Sometimes we all just need someone to listen and today I felt listened to.”

“I found other girls just like me, with the same fears, the same self belief and the same sadness. It was nice to share without feeling judged.”

(A few comments from some of the attendees)

Fiona Ryan
HEAD OF MIDDLE SCHOOL

YEAR 10 WORK EXPERIENCE

In week 11 last term, all Year 10 students went on their work experience placement with encouraging support from a number of businesses, industries and services. A variety of locations were organised by OVC students; from working on the peninsula, to the northern suburbs of Adelaide, the CBD and even travelling as far as Reynella. Our Year 10 teachers supported this valuable career exploration experience by visiting our students in their workplace and liaising with the employers as mentor trainers. As a result of these professional efforts, no less than three OVC students secured paid part-time work, a future apprenticeship was promised to another student and the majority received outstanding, glowing references. All involved would agree work experience provides an opportunity to sample careers, establish contacts, develop a sense for the industry, aids in identifying strengths and gives students a chance to display their passion. Well done to our Year 10s in maintaining and developing the knowledgeable and skilled reputation of Ocean View College students in the wider community.

NUNGA NEWS

Ninna Marni

TOUR OF OPPORTUNITIES
On 3rd April, Reconciliation SA organised an employment program called the Tour of Opportunities for Aboriginal and Torres Strait Islander students and jobseekers. Keen and excited groups of students and jobseekers visited up to 3 industries of their choice. Over 30 employers welcomed them for a ‘behind the scenes’ look at the available job options and potential employment pathways.

We visited the Adelaide Convention Centre and what it has to offer in way of jobs, SAPOL and the Defence Aboriginal and Torres Strait Islander employment opportunities. The students enjoyed the visits.

NAPLAN
On 13th, 14th and 15th May, all students in Years 3, 5, 7 and 9 will sit the annual National Assessment Program – Literacy and Numeracy (NAPLAN) tests. NAPLAN provides a snapshot of how students are performing in the fundamentally important areas of literacy and numeracy.

There are many things that teachers need to examine to determine how a student is progressing at school. We know this information is valued by teachers and parents.

NAPLAN is not a pass/fail type test. It looks at what level students are achieving in literacy and numeracy compared with their peers throughout Australia. Teachers and schools want an honest picture of what students can do in the areas of literacy and numeracy so that they can plan for improvement.

We would like to encourage our Parents and Caregivers to let their child participate in NAPLAN.

AIME
The students in Years 9 to Year 12 will be attending a workshop and mentoring session at UniSA on Monday 19th May. Together with AIME Mentors and mentees, AIME is building a generation of future leaders who strive to create a culture where for every step you take forward in life, you throw your hand back and bring someone with you.

APPRENTICESHIP BROKER
Interested in starting an Apprenticeship? Book a meeting to see Vicki the Apprenticeship broker to further investigate your options.

See Shelley Hamilton at the Senior School front desk to make an appointment.

Vicki is available on Wednesdays between 9.00am – 11.00am

Vicki Bryant
Mobile: 0458 564 603

TRAINEESHIPS & APPRENTICESHIPS
If your child is interested in doing a traineeship or apprenticeship, please feel free to phone or come in and talk to Dean or Kym in the Aboriginal Education Centre. So come in and see us.

Please call into the Aboriginal Education Centre and talk to us or drop in to have a coffee.

PE & SPORT UPDATE
Congratulations to the following students who have been selected in National, State, District or Academy teams over the last month.

J. WAIT – selected in the SAASTA AFL Academy. He will be involved with the Academy every Wednesday and get the opportunity to play on Adelaide Oval and the MCG before the Essendon V Richmond Indigenous round game.

N. YOUNG – Represented South Australia at the 63kg weight division at the National Taekwondo Championship.

K. WHITCHER – Selected in the Year 6/7 Port District Softball and AFL teams.

N. BATH – Selected in the Year 6/7 Port District AFL team.

A. ELVIN – Selected in the Port District SAPSASA Cross Country team.

Upcoming sport in Term 2
Term 2 is busy with a number of knockout and western zone carnivals, mostly kicking off in Week 3. All team photos and results will be posted in upcoming newsletters.

ROWING NEWS

We are currently doing an intake of Year 7-12 students who are interested in learning how to row, making new friends and getting fit. Through our association with Port Adelaide Rowing Club, we are training in their gym under the guidance of their coaches. If interested, please come and see me in JL1 (the Science labs opposite the canteen) asap.

Renee Kingston-Mayne
ROWING COORDINATOR

SAILING NEWS

During the holidays our Ocean View College team sailing teams competed at the State Championships at Port River Sailing Club. We submitted two teams consisting of students from years 8-12. There was a lot of close racing throughout the entire 3-day regatta between our two Ocean View College teams and St. Peters Boys College, Ceduna Area School and Kangaroo Island. Ocean View College ‘Warmachines’ and ‘Seagulls’ finished 13th and 17th respectively. This was a fantastic effort considering many of our skippers had only just began steering this year!

COMMUNITY

Unfortunately we must say goodbye to our year 12’s in Brandon Miller and Adam Hadziefendic. They have put many hours into the sport over the past 5 years and we hope they will want to come back and help out again once they complete their studies. Also big congratulations to Brandon Miller for being named captain of Ocean View College Sailing for 2014. This is an enormous and well-deserved achievement.

To all the students who participated in not only the State Championships but each regatta throughout the past two terms we thank you too for your hard work and persistence and we hope to see you back in term 4. For any students who currently are part of the Year 8 Beginner Sailing course or any other students who are interested, we start back up again towards the end of Term 3 with our Pt. Vincent 2-night camp and training starts in term 4. For any information on joining the team sailing team please see Ms. Fisher or Mr. Higgins.

Ellen Fisher
SAILING COORDINATOR

NOTICES

Can Saver Plus assist you with school costs?

Join Saver Plus and match your savings, dollar for dollar, up to $500 for educational costs including:

- school uniforms and text books
- computers, laptops and tablets
- excursions and camps
- sports equipment, uniforms and lessons
- music tuition and instrument hire.

You may be eligible if you have a Health Care or Pensioner Concession Card, are at least 18 years old, have some regular income from work (you or your partner) and have a child at school or study yourself.

Contact Rachael Hayes, your local Saver Plus Worker:
(08) 8240 1274 / 0417 065559
or rachael.hayes@thesmithfamily.com.au

Saver Plus was developed by ANZ and the Brotherhood of St Laurence and is delivered under the Act. Saver Plus is run by ANZ and the Australian government.
Children, Schools and Traffic
...a potentially dangerous combination

Children are not little adults. Especially those up to the age of 9 have to be helped to cope with traffic awareness and safety that you take for granted.

Primary school age children are involved in more road accidents than any other age group of children. It is up to us, as adults, to prevent this.

Why are children more at risk?

Often they cannot easily see or be seen in traffic. Parked cars, light poles and other street furniture all block a child’s view.

Their concentration is limited and they are easily distracted. Their actions are often spontaneous and unthinking – which is why they can dart out on to the road to fetch a ball.

Their sight is not fully developed, especially their ability to “scan” for things, and they can’t estimate the speed of vehicles or work out how far away they are.

Parking restrictions at schools are necessary

Councils impose a variety of parking restrictions near schools to create a safe environment for children.

They include:

No Stopping Zones

Usually adjacent to school entrances. You must NOT stop your vehicle in a No Stopping Zone, even for a few seconds.

No Parking Zones

You may stop briefly in a No Parking Zone to immediately pick up or let down a passenger. You may assist with luggage etc. however; you cannot leave your vehicle unattended.

Double Parking

Especially dangerous near schools when children are entering or leaving and is NOT permitted.

Footpath

Stopping on a footpath is prohibited at all times.

Children’s Crossings

You cannot stop within 20 metres before the crossing or 10 metres after the crossing unless a parking control sign specifically allows this.

Intersections

You must not stop within 10 metres of an intersection without traffic lights, unless a parking control sign specifically allows this.

Speed Limits

There is a speed limit of 25kph between "School" signs when children are entering or leaving a school.

How you can help our children

Under 5 years

Ensure your children are supervised at all times when near traffic, especially when crossing roads.

5 to 8 years

Make your children familiar with the road environment – signs, traffic lights and crossings. Always use safe crossing places.

9 to 12 years

Explain road rules in simple terms. Go for bike rides with your children to ensure they have safe cycling behaviour.

Above all, be careful when you are driving near schools.

Lefevre Community Stadium
After School Recreation Program

Lefevre Community Stadium recreation program is professionally staffed in partnership with Whitelion. It is suitable for young people aged 8 to 12 years of age. The program offers fun recreational games such as basketball, soccer, badminton, general fitness and other sports.

The program is delivered on Mondays and Fridays after school from 3:30pm to 5:30 pm for the remainder of term 2 2014.

Where: Corner Victoria Rd and Marmora Terrace, Osborne

There is no cost involved. Fresh fruit will be provided.
