From the Principal

Dear Parents, Caregivers and our Ocean View community,

This week, I have included a brief about the new Child Protection Curriculum and NAPLAN for your information. Enjoy reading the many stories in this newsletter about the achievements of our students and their busy school life. Did you hear about our Year 11 student Nathan Young! Nathan defeated Tahiti in the last round of the U17 63Kg Oceania Taekwondo champion to secure a gold medal in Sydney. CONGRATULATIONS Nathan!

Keeping Safe: Child Protection Curriculum (KS:CPC)

The Child protection in schools, early childhood education and care services policy (2011) states that “all children and young people in DECD preschools and schools will access approved child protection curriculum”.

The KS:CPC teaches children and young people to recognise abuse, tell a trusted adult, understand what is appropriate and inappropriate touching and ways of keeping themselves safe.

Themes: The curriculum is based on two main themes which are presented through topics and activities.

Theme 1: We all have the right to be safe
Theme 2: We can help ourselves to be safe by talking to people we trust

Focus Areas: Currently staff are mapping areas of focus in Care Group lessons, subjects and year levels to ensure the curriculum is covered for delivery to all our students at OVC. Also to ensure that these areas are examined in growing complexity in accordance with the age of the learners.

More information will be provided in future newsletters and can be found on the DECD website http://www.decd.sa.gov.au/teachingandlearning/pages/pandp/Childprotection/

Early September, parents will start receiving their child’s NAPLAN student report if in Years 3, 5, 7 or 9. How are NAPLAN test results used?

• Schools use results to review teaching programs and to set goals in literacy and numeracy.
• School systems use results to review programs and support offered to schools.
• Students and parents may use individual results to discuss progress with teachers.
• Teachers use results to help them better identify students who require greater challenges or additional support. Please find more information at http://www.nap.edu.au/naplan/parent-carer-support/parent-carer-support.html

PS The next Governing Council meeting will be 6.30pm, September 10th. Our Food and Hospitality students will be catering the evening under the guidance of Mrs Hogg.
On behalf of our Ocean View Community, I would like to express our condolences to the family of Anne Weinert and the staff and students at Largs Bay Primary School. Anne a much loved staff member at Largs and a kind, caring member of our Peninsula family, passed away suddenly on August 18th. She will be dearly missed.

Kind regards,
Donna Mason
PRINCIPAL

Ocean View B-12 College would like to thank the community who contributed to our fundraising efforts by purchasing an Entertainment Book. We are forwarding a cheque to Beyond Blue for $579.12.

Thank you again for helping this worthy cause. We hope you are enjoying your Entertainment Book Savings.

OSHC PROGRAM & ACTIVITIES

Just a friendly reminder to all parents that OSHC will be open on 5 & 8 September from 7am – 6pm.

Come join OVC-OSHC on Friday 5 September for an oink and a mooooroo on our Prairie Farm! Meet, feed and cuddle different animals, paint your face and join us for lots of fun games and activities.

We will also have a GIANT Obstacle Course Jumping Castle on Monday 8 September and more exiting activities and games. Breakfast and afternoon tea will be provided. Bookings are essential as space is limited.

Reminder
As the afternoons are starting to warm up we would like to remind all OVC-OSHC learners to bring an extra hat along to OSHC. Sunscreen will be provided (if your child has a sensitive skin please remember to send their own special Sunscreen). Any Children without a hat will not be allowed to play outside when the UV Index Forecast is above 3.

Reflection of the week
We had some lovely summer days this week and enjoyed every bit of it playing outside in the sandpit, out on the oval and on the jungle gym. We improved our hand and eye coordination with croquet and practised our team work by trying to keep a GIANT Ball up in the air… WOW that was hard work! We went all the way to the moon to visit some aliens and brought back our own moon-sand. We had heaps of fun moulding it and building different things.

Fees and Charges
Before School Care 7am-8:30 - Session $14
After School Care 3:05pm-6pm (Tuesday 2:15pm-6pm) Sessions - $18
Pupil Free and School Closures 7:00am-6pm Sessions - $45

Child Care Benefits are available through Centrelink. For more information contact your Family Assistance Office.

If you have any enquires, suggestions or comments, I will be on duty mornings and afternoons. If you don’t find an opportunity to see me you may call the 04 81464 077 or email me at: Nastassja.Uys187@schools.sa.edu.au

Nastassja
OSHC DIRECTOR

2014 Term Dates:

TERM 1
28th Jan – 11 Apr

TERM 2
28th Apr – 4th July

TERM 3
21st July – 26th Sept

TERM 4
13th Oct – 12th Dec
JUNIOR SCHOOL REPORT

Book Week Parade – What a wonderful, heart-warming event! The Adelaide West Gym was filled with excitement and amazement as we saw all the magnificent costumes. The event is made even more special with the students from Adelaide West and our Children’s Centre participating. Thank you to all the people who helped with the costumes and supported the parade in many ways. It was great to see so many people in the audience. Thank you also to the Year 10 Peer Mediators who helped with the setting up, hosting, certificate design and encouragement of our younger students. This event is an excellent example of the benefits of our B-12 College: seeing students of all ages positively interacting with each other creates a unique sense of belonging and connectedness, which benefits all involved.

Our judges, Ms McInnes, Ms Mason and Ms Macri did a terrific job and eventually found four students who had the most creative costumes: congratulations to Kieran, Katie, Cooper and Roshell. Two students from each class also received a book – this was done through a “lucky draw”.

Learning for Life Caravan – hopefully all students have received their notes about this exciting event happening in week 9 (15th to 17th September). It is really important that all students attend as each class will have their Health lessons based around their visit to the caravan. Parents are also welcome to attend (no cost involved.) Week 9 is shaping up to be a busy week as our Junior School Sports Day is also taking place during this week on Thursday 18th September.

Term 3 Reporting – At the end of Term 3, Junior School families will receive a self-assessment where students identify their strengths and rate various aspects of their learning. All students R-5 will be involved in this process, with 3 different assessments R/1, Year 2 and Years 3/4/5 (each with varying degrees of detail, depending upon their year level). In addition, class teachers will also identify 3 strengths for each student. This is a good way of acknowledging positivity and showing students that their talents and skills are appreciated and recognised.

On the last Tuesday of this term (23rd September), we will also have an Open Afternoon/Evening so that students can be the “host” and show their parents around their classroom and other relevant areas of the College.

Team Pick-Up – Congratulations to the dedicated group of Junior School students who continue to be involved in team pick-up. You are doing an outstanding job!

Head Lice – I know how frustrating and difficult it is for parents/caregivers when their child gets head lice, particularly when they are taking all the necessary precautions. Unfortunately, head lice is a problem in all schools, and while we will do as much as we possibly can to minimise
this problem, it really is up to every parent/caregiver to take responsibility for ensuring children are sent to school head lice free. If we see that a child has head lice, we isolate him/her from other children, organise for him/her to be collected from school and issue every child in that class with a note advising parents/caregivers that head lice has been detected. It’s a terrible problem, not only because it involves so much effort (with all linen etc having to be washed) but it is also a financial burden, as the whole family has to be treated. Here are some tips for managing head lice:

1. **Take a peek, once a week** – every week check hair and scalp of all family members for live lice and eggs.

2. **A fine tooth comb gets them out of home** – apply an occlusion type lice product generously to dry hair to cover each hair from root to tip. Comb one section of hair at a time from the roots with a metal nit comb. Wipe the product or conditioner on a paper tissue and look for lice and nits. If you decide to use an insecticide treatment do not use conditioner at the same time as the conditioner may protect the lice. Remember to wash bed linen, towels etc.

3. **Smother, cover** – **bye bye lice, one after another** – Use occlusive head lice products to kill lice as well as combing with a nit comb. Follow the directions carefully. Do not use insecticidal chemicals more than once a week or for more than three weeks in a row.

Leah McGlinchey
HEAD OF JUNIOR SCHOOL

It is important to balance screen time so your body can grow strong, fit and healthy. The facts indicate those who watch TV for more than two hours every day are more likely to have an unhealthy diet, less likely to eat fruit and less likely to take part in sport or physical activity.

Effects of too much screen time can have the following consequences: poor posture, eye sight can deteriorate, increased aggressive behaviour, problems with sleep and poor social skills may suffer.

So, how long is too long? It is recommended that you spend no more than two hours each day on the computer, small screen games or watching TV. The recommended **Australian Guidelines** for total recreational screen times support:

- Babies and toddlers under 2 years: No screen time
- Children 2-5 years: Up to one hour each day
- 6-18 years: Up to two hours each day

**Tips to encourage physical activity**
- Let your children know how much screen time they are allowed each day and get them to keep their own record.
- Involve children in meal preparation and have TV free mealtimes.
- Keep bedrooms TV zone free
- Control TV viewing by encouraging children to pick their schedule in advance rather than just sitting in front of the TV watching whatever’s on
- Designate one day a week without TV, computers or electronic games. Help your children fill their time in other ways by suggesting play and recreational ideas
- Go on a family walk after dinner – even if it’s only a couple of laps around the block.
- Be aware of how much TV you watch and maybe cut back yourself

**LESS SCREEN TIME, MORE PLAY**

There are many reasons why we should have less screen time. Watching TV, surfing the web and playing computer games or small hand held devices can be fun and even educational! However, spending too much time sitting still each day can be bad for your health.
Don’t rely on movement-based video games as a substitute for active play

Write down the rules that your family have agreed to and display them in a central place such as on the fridge.

Physical activity is necessary for children’s growth and development.

With a little encouragement and creativity, physical activity can be a fun alternative to electronic entertainment. It often involves interaction with friends, family or neighbours, and can be structured like playing in a football team or simply dancing along to a radio.

Family influence is critical in guiding the way children use their time. The benefits of reducing screen time have allowed closer family communication, also improved school and behaviour performance. Give the screen a rest and provide a healthy message.

Jody Macri
JUNIOR SCHOOL COUNSELLOR

MIDDLE SCHOOL REPORT

It was great to see all the families at Course Counselling this week. It is a very important time for all students to choose their subjects and begin their path towards their eventual career or field of interest. Sometime choosing subjects is difficult if your child enjoys a wide range or sometimes the choice is quite easy. If you have any changes you wish to make please contact us as soon as possible as Michael Henderson begins the arduous task of timetabling for 2015 soon.

The weather seems to have finally changed and spring is in the air. With the sun rising earlier and setting later the days do seem a lot longer and everyone seems to have a little more energy. Last week staff reviewed our students’ progress for our Interim Reports. We are more than half way through term 3 and report writing is fast approaching.

Next Wednesday September 3rd the Australian Tax office will be coming to give a presentation to our Year 9 students. Students then will have the opportunity to apply for a Tax File Number (TFN). Applying for a TFN through the school is easier because students do not need to show identifying documents to the ATO. We will hand out the application form and students can complete it at home and return it to school. Once the form is completed the students will receive their TFN within 28 days. Students need to be over 13 to apply for a TFN. Any queries please contact me here at OVC or the Tax Office on 132861 Monday to Friday between 8.00am and 6.00pm.

Congratulations to Ms Ventrices’ Year 6/7 class who organised a great Assembly last Tuesday - it was interesting to hear from Mr Hastings about a Boxing program he is interested to begin next term.

Subject Awards for Semester 1 were handed out last week. The following students received awards.

Year 6/7: Daniel, Trent, Angus, Shakira, Elliot, Ashleigh, Erik, Danielle, Jace, Lachlan, Mel, Magenta, Maddison, Leana, Shazna, Sylvana, Thy, Brandon, Yasin, Amber, Maureen, Dhillon, James, Sanders, Cadey, Chris, Jalak, Tobias, Kiall, Ashley, Jessica, Amber, Emma, Mitchell.

Year 8: Mitchell, Kate, William, Holly, Accacia, Abby, Ripley, Dylan, Katie, Gemma, Annalise, David, Tyson, Alana, Jannah, Gemma.

Year 9: Georgia, Rame, Lauren, Harry, Damon, Hannah, Kim, Mark, Ashley, Oliver, Mark, Nathan, Isabelle, Ivy, Joel, Georgia, Jesse, Michael, Jacob, William, Susannah, Skye, Sarah, Nathan, Tyson, Brandon, Emily, Caitlin, Imogen, Ellie, Kiasha, Alex.

Last week I took my Year 9 students to Taperoo beach as we are studying Biomes for our Geography unit. OVC students are so lucky living so close to this wonderful environment.

Fiona Ryan
HEAD OF MIDDLE SCHOOL
SCIENCE NEWS

On Friday the 15th of August, Adelaide Uni. Engineering student John M visited Mrs Ek’s Year 9 Science class and delivered a presentation on careers in the renewable energy industry. John then was able to apply his expertise to judging the class race in which student constructed solar cars competed. Quan H won the race with the fastest car.

The Solar Car Challenge is co-sponsored by the Australian Power Institute (API) and the Australian Academy of Technological Sciences and Engineering (ATSE). API provides a class set of re-usable model solar car kits to 50 schools, including Ocean View College, using the STELR Renewable Energy Module.

Portside Boxing is coming to Ocean View College. Michael Hastings, an ex-police officer and qualified boxing coach, is going to be working with our students in the Middle School to master the art of boxing. Michael also has certificates III and IV in Fitness, specialising in fitness for youth and children. He is also the SA State Schoolboy/Schoolgirl & Junior Boxing coach in addition to the Head Coach at Portside Boxing.

Boxing is one of the most exciting and exhilarating of all sports. It is extremely demanding at competition level and involves very complex movement patterns that take elite athletes many years to develop and master. Boxing training is also one of the best forms of cardio workouts combining fitness, fun, confidence building and social interaction. Weight loss, increased agility, coordination, muscle tone and flexibility are all benefits of participation in boxing training.

Your student will have an opportunity to participate in 8 one hour sessions in Term 4 for $20.00 (GST free). As spaces are limited, students will be asked to apply for a position in the program by answering a variety of questions and attending an interview. The program is open to male and female students from Year 6 to Year 9 and the students will not be involved in sparring. There will be strict requirements around students participating in the program including, behavioural and social identifiers.

This is an exciting opportunity for our Middle School Students to develop a healthy fitness regime and discipline in a world-renowned sport. Students will be informed in the near future as to how they can apply to be part of this great program.

BUSY AS A BEE

Term three is one of the busiest times at school in any year level and the Middle School here at Ocean View is no different. We have Art Club, Girls Group, Boys Group, Soul Divas, Nunga Boys Group,
School Sport and Class Excursions happening every week. This is in addition to your child attending their lessons, completing assignments and homework. Your child would be feeling completely exhausted and overwhelmed at this time of the year. Being a Middle School student can be a difficult balancing act, it only takes one or two personal issues piled on top of these pressures to tip the balance. Talk with your child, encourage them to take the dog for a walk, get outside in the sunshine and enjoy a family outing outside the pressures of school and work life.

The students in the Middle School are fantastic young people and every day I am amazed at their resilience, their energy and their strive towards successes. As parents you are doing a great job raising these little busy bees and providing them with a solid foundation that enables them to succeed at school and life. Parents are not told often enough what an amazing job they are doing shaping and moulding these young people, so as a person who works with your children every day, I’m giving you all a pat on the back and a congratulations attesting to what a brilliant job you are all doing.

Jacky Smith
MIDDLE SCHOOL COUNSELLOR

Tuesday was busy with students and parents coming in for their subject counselling session in the Senior Centre. If you have been unable to attend please call Shelley or myself for an appointment that suits you.

Year 12s have seen the last of our Uni reps present pre university information. This is in time for the Year 12 SATAC tertiary course selection which all students receiving an ATAR should complete. The online selection website asks for 6 preferences. Students should research the different courses which will have them arrive at the same destination so they can include them among their 6 preferences. The Senior Study Managers have booked in times to individually counsel our yr 12s with their choices.

Last week saw the culmination of the UniSA “Career Match” program. Senior school students have already completed a career survey and last Tuesday 11 speakers from various industry sectors spoke to groups of students. Feedback from students rated the speakers as entertaining and the information as useful.

Last Wednesday we opened the Senior School to the parents and Caregivers of our year 9,10 and11 students for our Senior School Expo. We had teachers and students on hand to answer questions about the PLP, the Research Project, SACE, the Senior Centre, our D2C VET course and our new Logistics in Business VET course. Vicki Bryant, our apprenticeship broker, answered many questions on the evening and so did the 3 university reps who set up their booths for the evening.

Larah Stieg
HEAD OF SENIOR SCHOOL

During the last two weeks our Visual Art students have been involved in a variety of festivals which have been held around the Port area. The Mark Butler Youth Art Prize
was held at ‘Jackalope Gallery’ on Friday night. We would like to congratulate Ocean View College prize winners Year 12 Caleb S and Year 8 Katie S for winning the Youth Art Prize in their age categories. Participants’ also were awarded include: Abby C, Oliver H, Dylan W and Chloe B.

ILLUMINART NIGHT MURAL 2014 was a huge success last Saturday night. Five of Ocean View College’s Senior Art students showcased their artwork on buildings along the Port River. It was a spectacular multimedia animation of fantastic doll houses, skulls, dragons, ticking clocks, clowns and other awe-inspiring creations. Thank you to Jane Marr, the Arts and Cultural Officer at Port Adelaide and Enfield Council for supporting this art project. Congratulations to our Year 12 students: Rachel H, Mitch P and Crystal M and Year 11 students Emma D and Stephanie P.

As part of course counselling, students may select relevant subjects and ideally will elect to complete a Vocational Education & Training (VET) course to demonstrate they really want to commit to this sort of work. E.g. Certificate I in Engineering for welding or mechanical fitting trades, Certificate I in Automotive for heavy or light vehicle mechanics or a Certificate II in Community Services for aged, child or disability vocations.

For more information on the 65 choices of VET Courses available, see Ms Stieg for a copy of the Western Adelaide Regional VET Programs 2015 booklet or visit www.wats.sa.edu.au

Studies in Woodwork, Metalwork and Computing CNC Machining are extremely useful for students interested in manual work like carpentry or welding. They are useful for learning skills and knowledge of the practical work and appropriate tools and equipment. Those students interested in becoming chefs, bakers or butchers should be continuing Home Ec or Food & Hospitality studies as examples.
The opportunity for relevant work experience should never be taken for granted. It can have the benefit of putting the student in the right place at the right time for employment opportunities. It also assists students in gaining awareness in the tasks undertaken, the workplace environment and if there is a sense of job satisfaction in what they do.

For more information about school based apprenticeships or traineeships, see Shelley at the Senior School front desk to make an appointment with your Apprenticeship Broker, Vicki Bryant.

**NUNGA NEWS**

**FRIDAY LUNCHTIME ART WITH MS SANDISON**

Our Nunga students have started working with Ms. Sandison at Lunchtime to do a project for the Children’s Centre. This project is only on Fridays.

**YEAR 9 DIGITAL MEDIA**

The Year 9s will be starting their project with Dean Sumner. They will be learning how to use the MacBooks and how edit photos, and a lot of other deadly things.

**MARLON MOLOP VISIT**

Former Port Power played Marlon Motlop visited to talk about how important it is to have an education if you want to play AFL.

**TRAINEESHIPS & APPRENTICESHIPS**

If you child in interested in doing a traineeship or apprenticeship please feel free to phone or come in and talk to Dean or Kym in the Aboriginal Education Centre. So come in and see us.

Kym Mitchell and Dean Sumner
ACEO

**Exciting News!**

*Watto Purrrunna Aboriginal Primary Health Care Service*

Aboriginal GP Health Clinics now operating at Port Adelaide Primary Health Care Service (Corner of Church and Dale Streets, Port Adelaide) **Mondays & Fridays**

Aboriginal Clinical Health Workers will be available to assist you.

To book an appointment please call Port Adelaide Primary Health Care Service 8240 9611

---

*CVC Music Department Proudly Presents... 2014 MUSIC Performance Evening MONDAY 22nd September 6.30 pm in the Flexible Learning Centre*

No Door Sales – Strictly limited seating available

All tickets must be purchased from the Main office by 2pm of Performance Day $4.00 (Inc. GST – No Concession)

*Light Refreshments Available*
Recently several of our vocal students and I attended the two day Singers Days at Henley High. They experienced the challenges of singing in a 100 voice choir in 4 part harmony, and learning new repertoire quickly for a performance. Our students also had the opportunity to witness mock assessment process for a few Year 12 Music Solo Performance students from other schools across Adelaide.

Our Year 5-7 Festival Choir recently attended their first combined rehearsal at Magic Millions and now preparing in readiness for their final full rehearsal in the morning of and then performance on the evening of Wednesday September 10th in the Festival Theatre. Thank you to the families who took up the opportunity to be a part of our group ticket booking…. it’s not too late to come along tickets can still be purchased from BASS.

Our String students and Festival Choir will also be performing at the OVC displays at the Royal Show.

Minecraft is an online game where students are able to play and collaborate together on any task they can think of. This platform allows for students of all abilities to become leaders and experts in the class. It is with great excitement that the junior classes R-7 in ICT are learning technology skills using a collaborative and fun platform at school. We are all using the game platform of Minecraft to learn a variety of curriculum areas and all students are learning at a very fast rate acceptable behaviour when playing online, how to communicate with others, keyboarding and shortcuts to access different commands and leadership through coaching others through challenging tasks. The activities we are doing are:

R-1 - continue to develop their hand-eye coordination and are learning the commands to access game commands.

2-4 - are also learning how to participate in shared environments appropriately and communicating online (within our school only) and will soon be moving onto a class build together where everyone in the class will work on a common project.

4-5 - are well on their way to rebuilding Ocean View College in Minecraft. We have planned out the buildings, measured the buildings and the whole school fence line and now we are starting construction.

Our 2014 MUSIC PERFORMANCE EVENING will be held on Monday September 22rd 6.30 pm in the Flexible Learning Centre... check out the flyer for more details.

Please note -- seating is limited and tickets must be purchased from the MAIN OFFICE before 2 pm on the day of the concert.

The enrolment letters for students to join in 2015 Instrumental/Vocal Music Program will be available soon. Please contact me if you have any queries.

Kathy Baker
TEACHER
6-7 - have been investigating sustainability since the beginning of the term to improve investigation and research skills, they have planned out their “sustainable town” and now are beginning on the development stage where in groups the students are using the resources available in the game to demonstrate their knowledge and understanding of sustainability.

For many students, Minecraft is a game which has the freedom to be creative with the option to change the game mode to survival and be challenged by the monsters and the need to collect resources to survive. I want to let parents know that under no circumstance is there any requirement that students have Minecraft or Mojang (Minecraft developer) accounts, as we are using the MinecraftEdu platform not the ‘Vanilla’ platform used at home, nor will they need to complete any work at home on these tasks. If the year 6/7 students fall behind in their development they will be required to come to the computer room during lunchtime to catch up. The computer room is open every lunchtime and those completing work have priority access. If you have any questions please contact me at school or via email: rachaelbath@ovcb12.com

We are hoping to host a Minecraft Camp again sometime in October so please keep your eyes on future newsletters for more information.

Rachael Bath
ICT TEACHER

---

**PE AND SPORT UPDATE**

**PREMIER’S be active CHALLENGE**

“Active Kids make better learners”

Reminder that all R-7 students will commence the Premiers Be Active campaign from Monday week 6 and conclude in week 9 on Junior School Sports Day (Thursday 18th September). The Premier’s be active Challenge is a programme designed to increase the physical activity levels of young people.

The Challenge requires participants to complete at least 60 minutes of physical activity for at least 5 days of the week for up to 4 weeks. This physical activity can take a multitude of forms ranging from active house work and walking to school, through to playing sport. Students simply need to record their daily activity on the “Be active” sheet during class time. They will be recognised with a medal or an alternate prize after they complete 4 weeks. As a parent / caregiver you will have a vital role to play in this Challenge. Your encouragement, motivation and support for your child will make a real difference to the success of the Challenge.

If you have any questions in relation to this then please contact Bradlee Wilkinson or Luke Jenkins at the school.

**Open Boys Netball**

On Thursday 21st August Ocean View College had 3 teams competing in the Western Zone Open Boys Netball carnival at Henley High School. It was great to see a huge amount of interest from our Year 10-12 boys, with 25 students representing the school.

Well done to our Year 11/12 team who played off in the Grand Final against Le Fevre, however fell short by 5 goals, meaning they finished the day 2nd overall.

Our Year 10 team finished 4th and our Year 11 team 5th.
Thank you to Ashlee J, Nicole J, Tayla E and Maddee C who umpired or coached on the day.

6/7 Friday afternoon AFL
Friday afternoon football commenced in week 4 with Ocean View having 1 boys and 1 girls team in the recreational competition run by the Port Adelaide Magpies SANFL. Schools from North Haven, Alberton and Largs Bay are also involved.

Huge thank you to the Year 12 Integrated Learning – Sport class for their involvement with umpiring, coaching and setting up/packing up of the ovals.

Upcoming Sport
- Senior Boys & Girls Badminton – Monday 1st September (week 7)
- Yr 8-10 Korfball – Friday 19th September (week 9)
- City to Bay fun run – Sunday 21st September
- Junior School Sports Day – Thursday 18th September

Bradlee Wilkinson
PHYSICAL EDUCATION COORDINATOR

ROWING RECRUITMENT
Ocean View Rowing Club are currently seeking any year 7-12 students who are wanting to have fun, get fit and work as part of a team. This opportunity is open for both males and females. We would love to see you all come down and give rowing a go! If interested please see Ms Kingston-Mayne in JL1 (Science) before or after school.

Renee Kingston-Mayne
TEACHER/ROWING COORDINATOR
THE SMITH FAMILY REPORT

Learning for Life Scholarships
The Smith Family education scholarships give families and students the opportunity to access everyday needs for education by reducing financial difficulty and supporting all the family to achieve.

Please contact Julia Dempster on 82483983 or Jessica Moser on 82483110.

STRAIGHT TALKING
Careers mentoring with the Smith Family
On Tuesday 5th August, the Smith Family arranged a ‘Straight Talk’ for 58 year 10 students at the College. The session was conducted in small groups with an allocated mentor who took them through their journey in regard to study and career. The aim was for the students to gain insight to the steps people take to reach their career goals.

COMMUNITY NOTICES

Girls Try Golf @
The Grange Golf Club

The Grange would like to invite all junior girls who are interested in playing golf to FREE Golf Clinics.

4 Week Programme held each Saturday starting 30th August – 20th September
9:00am – 10:00am

One of our Golf Professional will cover the basics such as chipping, putting, long game & bunker play.

Open to girls aged 8 to 16 years.

*Morning Tea provided at last clinic!

Limited to 12 participants per Clinic. Register soon to secure a spot!
